

ATTENTION SUBSCRIBERS

First, a little history. Up through issue 35 (October 1985), **ANALOG Computing** was basically a 96-page magazine for Atari 8-bit computer owners. Beginning with issue 36, we started adding pages and covering the new Atari ST computers. Then, in issue 41 (April 1986), we increased our page count to 132 and gave the STs a separate section, **ST-Log**. And all this extra information still cost the reader the same \$3.00 per issue that we'd always charged. . . until issue 44, when we raised the cover price to \$3.50, to cover some of our increased (and increasing) costs. We wanted to see what kind of response our readers would give to coverage of the entire Atari spectrum of computers. We asked for your input on whether or not we should go to two separate magazines for the 8-bit and the 16-bit machines.

Because of the response you've given us, and the results of research and polls we've completed, **ANALOG Computing** and **ST-Log** will be available separately, starting with the next issue (50, January 1987). Current subscribers will receive the January, February and March copies of **ST-Log** FREE with **ANALOG Computing** magazines for those months. After the March issue, you'll be getting **ANALOG Computing** for the remainder of your subscription time, unless you tell us that you'd prefer to receive **ST-Log**.

The postage-paid card attached to this form *must* be returned to us by no later than January 15, 1987, so that we can continue your subscription with the proper magazine(s). As you'll notice, we have a special subscription price for those of you who still wish to receive both **ANALOG Computing** and **ST-Log**. This offer is being made only to current subscribers, and this price is good only until January 15, 1987.

Nonsubscribers will still have the option of signing up for both magazines at the prices listed on the card at the back of this issue—or you may purchase the magazines separately at newsstands currently carrying **ANALOG Computing**. Each magazine will have a cover price of \$3.50.

RETURN THIS FORM TO ANALOG COMPUTING / ST-LOG BY JANUARY 15, 1987.

READER SERVICE

Use the convenient card on the last page to request FREE information about the products advertised in this issue of **ANALOG Computing**.

For information about specific advertisers or products, circle the number on the card that matches the number shown with the advertisement, or in the Index to Advertisers.

I would like my current subscription to continue with:

- ☐ **ST-Log** only
- ☐ Both **ANALOG Computing** and **ST-Log**.

I have enclosed an additional \$1.50 for each remaining issue left on my subscription. *Example:* your subscription label number ends with AUG 87; using April as the starting month, you have five more issues left in your current subscription, so the total due would be $\$1.50 \times 5 = \7.50 .
